Job #1 - Warranty

COMPLAINT: CUSTOMER HAS NOTICED BURN MARKS ON THE MALE END OF THE SHORE CORD AS WELL AS WHERE THE SHORE CORD CONNECTS TO THE COACH. SEE HISTORY. CUSTOMER ADVISES THAT WE HAVE LOOKED AT THIS BEFORE.

CAUSE: Recall

CORRECTION: Removed the damaged shore cord from the vehicle. Unscrewed the shore plug from the exterior wall. Had to cut the 120v wires as they were melted into the plastic. Stripped the wires as noted then torqued the wires to the plug and used a paint marker. Finished putting the protective cover on and mounted the plug the the exterior wall. Plugged in the shore cord and took more pictures. Verified the power flow. Put away the shore cord.
