Notes

Can you please see if some of the decals can be saved by doing relief cut and use heat gun and squeegee. I knpw some need replaced. and see what your time would be. TD
 The concern that the tech has is that some of the bubbles are long and big and pricking them may cause them to rip
 All you can do is the best you can and we will go from there. TD
 The entire Avenger decal is going to need to be replaced, and then there are 5 areas that needs to have the bubble popped and smooth out. Requesting 1.0 hour for the decal replacement, and .25 hours for each bubble repair.
 NVCB, Per dealers description of this repair. This authorization is pending ALL requirements of repair code have been met. TD
