1. rubber was wrinkled in both corners, worse on drivers side. Extrusion vinyl insert on passenger side was exposed, not attached properly. It appears someone tried to hide the blemish with lap seal as there is excess on passenger corner. Removed sections of vinyl inserts, extrusions, and gutter spouts. Cleaned what old sealant off that i could, pulled fabric tight, Refastened, reinstalled and resealed, cleaned up and documented. Looks better, less likely to leak.
