WO # Job # Description JOB INFORMATION

79737 2 GROUND WIRE BROKEN OFF TANK LEVEL WIRING UNDER UNIT
Fresh tank would read any levels
I noticed when put water in my fresh tank the level wasn't
showing up. So I got under the unit and the white wire had been
pulled out of the connector. So I put a new heat shrink connector
on it and used a self taper and secured it to the frame and it
works properly now.
