	Complaint, Cause, Correction			
	Original Note : greeneway@dealer-advisors.com, 2026-05-18 17:31:36 :: Complaint: Customer states that slide 4 is not coming all the way out, believes slide is cockeyed, slide hit trim strip and needs reattached. Cause: On door side midde slide is a swyteck slide, the slide is extending and retracting properly squashing the d seals both ways. The interior wood trim work on the left side of slide came loose and was getting stuck behind the fascia wood. Correction: Reattached the wood to interior wall so there is now clearance for slide to function properly without any contact. Additional Note : greeneway@dealer-advisors.com, 2026-05-18 17:32:43 :: Time requested include diagnosis of the slide, testing the slide to make sure proper operation and then finding out what was wrong. Not just re-attaching the trim.
