Job #1 - Warranty

COMPLAINT: DINETTE TABLE FASCIA PULLED OFF.

CAUSE: The table fascia detached..

CORRECTION: I had the unit pulled up and ran out the slide to gain some space to work. Determined the proper placement for the board.. went and prepared my air staple gun. And determined the best staples to use.

I put the fascia back in the exact same holes from factory . And added more staples to strengthen the attachment points. Table is back to factory orientation. requesting 1 hour

Labor
