Hello Jennifer,

Case 6727512  
VIN 5ZT3CH2B1RA331015

Thank you for sharing the details of the customer's situation. We appreciate your efforts in providing this information.

To proceed with your request as a one-time customer courtesy we will give pre-auth prior to the serial number. If it is found that the serial number has already been used in a prior case AND if we do not get a photo of the serial number with the claim, this pre-auth will be void and the claim will be denied.

As a resolution to this case, we are approving up to .7 for labor.

This serves as prior authorization for the removal and replacement of the MAIN CONTROL BOARD-2022006595 : C-FWH09AFA-002.

This pre-authorization is for informational purposes only and will not result in Lippert automatically issuing the replacement. Lippert will defer to the RV Manufacturer for next steps regarding replacement and claims filing.

This product is not required to be returned for testing. Note: Your coach information will need to satisfy the conditions for Warranty credit.

Mobile service fees are not covered under the Lippert warranty for this product.

If you have any additional questions or need further assistance regarding this case, please feel free to reply to this email thread. We are happy to help.

We appreciate your business!

Thank you,

Jackie J.

Complaint: Customer called and stated his tankless water heater is throwing a E5 code. At drop off, he stated the fan is not spinning on the water heater.

Cause: Water heater boars smells burnt and melted spot on board next to fan plug

Correction: Replace board
