WARR    COMPLAINT:  WARRANTY REPAIR 1 - the floor is              W    1020    GRAND
          creaking from the rear door till just
          CAUSE:         The floor was creaking when you walked
          around from the door to the dinnet, I
          pulled the side of the underbelly down
          to see if I could tell what it was there
          was a screw on the middle of the frame
          that was rubbing of the frame making it
          creak, I cut the end of the screw off
          and it no longer makes noise
