Job #01 - Warranty
COMPLAINT: WARRANTY ITEM

CAUSE: Pocket door fell off

CORRECTION: Pocket door has fell off upon arrival . Sent info and pics to Sara at jayco upon request . Door rail guide is bent and needs to be replaced along with door itself . Doing so will require me to take part top bunk and bottom bunk to give me access to remove the wall panel in the way of the door and door guide . Will need to remove top bunk panel and trim then separate the bunk frame from the wall on all sides and then remove . Once top bunk is removed will need to do the same process to the bottom bunk to get full unobstructed access to wall panel . Once both bunks are completely removed need to take off corner trim on edges of wall panel then take off seem Tape to reveal a seam in panels to then go in and pull nails to remove wall panel completely . Once panel is removed need to remove rear panel and any framing in the way of track and door being replaced. Once a clear path is made to access the door for removal and replacement of track we can order and replace said parts . Requesting 16 hrs

Subtotal for Job #01: 0.00

Parts Total: 0.00
Labour Total: 0.00
Sublet Total: 0.00
Extras Total: 0.00
WORK ORDER TOTAL: 0.00
