71434 1 CUSTOMER ADVISES THAT THE FRONT AWNING ARM DOES NOT PULL IN ALL THE WAY TO THE TRAILER

Awning fabric wasn't made square or has shunk.  
 Moved awning in and out to inspect the awning arms for damage. No damage was found. Moved awning out to max opening, found that the fabric was at different lengths, such as the awning arm at the front would hang lower. Put in 2 little bulb seals under the awning fabric to take up some slack to pull the awning in tighter on thr front awning arm. Arm has pulled in closer.
