\*\*\*\*\*

71451 1 CUSTOMER HAS NOTICED WATER ON THE FLOOR OF THE BEDROOM. THIS IS THE FLOOR AREA BETWEEN THE BED AND THE BATHROOM WALL. WE ARE GOING TO TRY TO GET THIS REPAIR COVERED BY WARRANTY.  
Cold side of outside shower  
Hooked camper to city water, then turned on the water. Turned on the inside shower and then checked the toilet for leaks. Looked inside the cubby hole where the water was run. Noticed on the backside of the outside shower on the cold side was dripping water. Took pictures of the water line dripping. Turned off the city water. Went to the outside of the outside shower and removed the screws holding it in. Pulled the outside shower from the wall and tightened the fitting. Turned on the city water to check for any further leaks. Put outside shower back in the wall and tightened the screws. Used clear silicone to trim out the outside shower.
