WO # Job # Description JOB INFORMATION

\*\*\*\*\*

72660 1 DOOR SIDE COMPARTMENT DOOR WONT AUTO LATCH  
Auto latch is to far pitched inward  
Inspected the auto latch, found that the auto latch was leaning  
towards the body. With the latch not sitting on a flat spot it  
would not latch by itself. Would latch manually. Removed the  
screws and put putty tape behind it to bring it away from the  
body. Checked the latch again. Now it will latch automatically  
when the door touches latch.

72660 2 TOP BUNK BLIND WONT STAY UP  
Tension strings were loose  
Inspected the blind, found that the tension strings weren't tight  
enough to hold up the blind. Tightened the tension strings by  
wrapping up the tension strings.
