Job #1 - Warranty

COMPLAINT: DOOR SIDE COMPARTMENT DOOR WONT AUTO LATCH

CAUSE: Auto latch is to far pitched inward

CORRECTION: Inspected the auto latch,found that the auto latch was leaning towards the body. With the latch not sitting on a flat spot it would not latch by itself. Would latch manually. Removed the screws and put putty tape behind it to bring it away from the body. Checked the latch again. Now it will latch automatically when the door touches latch.
