#### Complaint, Cause, Correction

Original Note : bhoffman@americanrvcenter.com, 2024-06-04 13:04:02 :: THE SLIDE ROOM WILL NOT COME IN slideroom wont come in took off panel to get to backside of switch got meter and tested for power and it was good, took off panel under slideroom to find control box it was not there put panel back on ,found control box in cabinet, checked power and it was good but it was not going through box and green light was not on, so i went to another camper and found control box and took out and marked all wires, installed box in other camper and hooked up wires and now i have green light and slideroom goes in and out control box was bad, filled out sheet to get new control box, when it comes in it goes to stock, because we had control box in stock so i took control box and installed it in the one i robbed it from.
