WO # Job # Description JOB INFORMATION

75934 1 ENTRY STEPS HIT FIRE EXTINGUISHER WHEN LOWERING
Front entry steps was hitting the fire extinguisher when folding
down the steps
Took pictures of the steps hitting the fire extinguisher when
folded down. Unscrewed the lag bolts form the step hinge mount
and move the steps to the left about a 1/4 inch. Adjusted the
step latch as well so the steps fit. Unscrewed the fire
extinguisher and moved it 1/4inch to the right away from the
steps. Moved the steps down to check for clearance. Now there is
a 1/4 inch gap between the steps and the fire extinguisher.
