WO # Job # Description JOB INFORMATION

76228 1 BACK SPLASH IS VERY LOOSE AND NEEDS TO BE REINSTALLED
Backsplash missing
When I was in the kitchen, I noticed the back splash was loose
and when I went to touch it to look at it. It came off so I went
to parts. Got adhesive and put back on to the wall. So it is a
secure fit

76228 2 THE REAR ENTRY DOOR HITS THE STRIKER AND IS NOT CLOSING PROPERLY.
Rear door catching Rear door would not close right. the stricker
was hitting the door and dragging.
I unscrewed the door to find out that the catch was bent so I
bent it the other direction and now the door shuts properly
without catching I moved the stricker out to the edge of the
door. I used a hammer to flatten the stricker and push the screws
in away from the door handle. After getting the stricker to clear
the door, I adjusted the frame out a bit to get the door to latch
better.

76228 3 THE REAR WINDOW GLAZING IS MISALIGNED
Window glaze out
Pushed window glaze back into correct position

76228 4 THE HINGE ON THE MASTER BED IS MISALIGNED
Bed catching
I screwed in new area for henge to go into without causing the
bed to catch now is not catching and making the frame to catch
