	Original Note : bhoffman@americanrvcenter.com, 2025-04-25 15:00:11 :: THE BAL TONGUE JACK CONTROLLER WILL NOT POWER UP Jack system is not getting power. I checked power at the jack, no power. I checked the power at the control board, no power. I opened the underbelly at the corner of the camper to check the breakers. I found 4 of the studs had loose nuts on them. I tightened all of the nuts on the breakers and now the system is working. I put the underbelly back up and checked the system again. It is working as it should.
