 WO # Job # Description JOB INFORMATION

76813 3 CABINET DOOR IN THE BEDROOM IS PEELING
 Cabinet door peeling
 Put in po for a new cabinet door

76813 2 BATHROOM DOOR TRACK IS FALLING OFF
 Screws are no holding in the ceiling panel.
 Unscrewed the trim cover and further investigated, found that
 there is nothing but ceiling panel holding the track up. Unhinged
 the door from the track. Unscrewed the track and wood from the
 ceiling. Measured and cut a longer piece of wood to hold the
 track. Set the new piece of wood in place and screwed the track
 to it. Now the track feels more firm to the ceiling. Put the door
 back on the hinges and checked for clearance. Adjusted the hinges
 so the door closes with no gap.
