#### Job #2 - Warranty

COMPLAINT: BATHROOM DOOR TRACK IS FALLING OFF

CAUSE: Screws are no holding in the ceiling panel.

CORRECTION: Unscrewed the trim cover and further investigated, found that there is nothing but ceiling panel holding the track up. Unhinged the door from the track. Unscrewed the track and wood from the ceiling. Measured and cut a longer piece of wood to hold the track. Set the new piece of wood in place and screwed the track to it. Now the track feels more firm to the ceiling. Put the door back on the hinges and checked for clearance. Adjusted the hinges so the door closes with no gap.
