WO #	Job #	Description	JOB INFORMATION

77070	2	FIREPLACE WOOD IS COMING OFF Fireplace wood is loose When looking at fireplace the wood on the side was loose so I had to get a staple gun and staple 6 staples in the trim and make sure it was level and aligned with thr other trim then I took some wood putty to fill in gaps where staples went then I also used some paint pens to match the best I could with the wood color and cover up the wood putty marks	
77070	3	STAIN ON COUCH IN AREAS Stain on couch Got a mixture of water and dawn dish soap and gently applied it to the areas that had stained and then whipped off with a towel to clean area on couch and now the stains are gone off the couch	
77070	4	BATHROOM LIGHT FLICKERS Bathroom light The bathroom light would flicker when you turn on the switch so I took the light out of the ceiling and found out there was a loose wire so I twisted it up and made sure i put it in the correct spot and then I tested for electricity and the light is now working properly	
77070	5	TV MOUNT IS LOOSE Tv mount When looking at TV mount couldn't tell it was loose until you try

WO #      Job #      Description      JOB INFORMATION
*****
to set something on it then it would pull away from the wall so I
added some adhesive and also new screws and set it in the correct
position now the TV mount is fixed on the wall and should work
properly

77070      6      CABINET DOOR IN BEDROOM IS LOOSE
Loose door
Got different screws to put in cabinet door so it would shut
properly and is now opening and closing correctly

77070      7      KITCHEN TABLE IS LOOSE
Kitchen table loose
When looking at the kitchen table / island it appears to fine
fine until you push on it with hand so looking underneath the
table had a screw loose so I tightened all of them down

77070      8      BATHROOM BATH NEEDS SILICONE
Bathroom shower
When looking in the bathroom shower the shower was needing some
silicone sealer added to it so no water would go behind it and
ruin the wood behind it so i added silicone all around the
surround and then whipped off the extra with a towel

77070      9      FRONT DOOR NEEDS ADJUSTED
Frontdoor
Adjusted front door by taking a small rubber hammer and making
the latch flat and also adjusted the screws where they sit and
now the door will shut properly

77070      10     KITCHEN CUP WASHER NOT WORKING
Cup washer
When looking and trying the cup washer it wasn't working so I
opened the cabinet door to find the line running to it had been
shut off and also had a small kink in the line so I turned the
knob and also undid the kink now is working properly

77070      11     LIGHT IN FRONT CARGO AREA NOT WORKING
Cargo light not coming on
Cargo light wasn't coming on due to both wires were hooked up
wrong and also the 2 negative wires had to be touching for light
to work after taking a volt meter to it and also having Greg come
over and looking i found out the wires were in wrong location so
I rewired it and got the light working properly
