WO # Job # Description JOB INFORMATION

77866 3 OUTDOOR KITCHEN DOOR SEAL IS COMING OUT

77866 5 KITCHEN BLIND PLASTIC HOLD BACK IS BROKEN
Found that the mini blind hold back was broken.
I replaced the left and right hold back brackets so that both
would match.

77866 1 SLIDE ROOM WITH THE FRIDGE IS DELAMINATING ON FRONT PANEL
Off door side slide room, front wall lower trim was installed too
low.
I removed the lower trim on the slide room. I moved the trim up
to the right spot. I screwed the trim back down. This will hold
the wall panel in place. I sealed around the lower trim.

77866 4 WEATHER STRIPPING ON FRONT OF CAMPER IS COMING OUT OF THE TRACK
Screw insert trim was coming out of nose cap overhang
I checked the screw insert and found that the insert was pulled
out. It did not shrink. I was able to pull a bit more of the trim
out of the cap area. I put the trim back in the track. I checked
to see if there was any damage. I could not find any damage, and
the insert is staying in place.
