Job #PDINTT - Internal

COMPLAINT: PDI - NEW TRAVEL TRAILER

CAUSE: New pdi

CORRECTION: Lug nuts torqued to spec running lights and tail lights work properly brakes and Emergency Brakes work properly installed a new battery box and filled 2 20# lp tanks. Exterior inspection found door hard to open and steps are hitting door frame both need adjusted. I fixed the steps and the door. All good now. Dent in door frame where screen door latches. Both awnings didn't work there was a blown fuse i replace it and they work properly now and the awning lights. Both awnings work properly and fabric looks good. Roof inspection looks good there were alot of metal shavings ontop of door side slideroom that i cleaned off. Interior inspection hooked up to city water and flushed out all the lines. Stove works properly microwave works properly refrigerator works properly furnace works properly. Tv antenna works properly fireplace works properly all the lights work properly all the windows and blinds work properly all the outlets work properly and USB ports work properly. Kitchen faucet had low pressure took the filter off and there was debris inside that i removed and it works properly now. Put company stickers on unit. Did my lp drop test on outside port with stove and furnace running made a small adjustment to the regulator system works properly now. Put water in fresh tank and ran the water pump to all the faucets and outside shower and it worked properly. Put some silicone on the slideroom bulb seals. I also tested the antenna port in front side compartment and it works. Everything else looks good.
