Job #WARR01 - Warranty

COMPLAINT: warranty repair #1: broken latches on the refer and freezer. piece that holds them shut has snapped off.

CAUSE: Refrigerator and freezer door latches broke at latch point. If the latches are not verified latching, after factory install, they tend to rock around in transport and destroy themselves. Order part per warranty #720943 to replenish our stock.

CORRECTION: By a stroke of luck, we just happen to have one kit to replace refer and freezer latches. Common issue in the furrion design. Tested, fixed.
