Good afternoon Alix,

I'm going to jump in on the request to help assist with and give some direction on this situation.

This unit VIN# 573FR3124T3353872 was shipped out on 6/17/2025

This should have been noticed and noted on the DAF when this unit arrived. Anytime a GDRV Unit arrives it needs to be inspected, and any damages noted. This would have been clearly visible and should have been noted on the DAF. Once the Unit is accepted your taking the responsibility of the condition at that time.

Unfortunately, GDRV will not be able to participate in this request and will stay denied. I have noted this under the VIN#. SF# 00859807

Let me know if you have any questions.

Thank you

Tim Vogelzang
