---------	---------------------------------------	--

**Complaint, Cause, Correction**

Original Note : greeneway@dealer-advisors.com, 2025-10-17 11:02:04 :: Complaint: Previous issue with leaking under the sink that was documented under warranty. There is still water leaking under the sink. Need to have diag for repair. Cause: Hooked up to city pressure, turned on electric hot water, let sit overnight. Testing immediately, there were no leaks. After sitting overnight the titting under sink is indeed leaking, looks like it is coming from the hot line. The fitting that connects the kitchen sink on the hot line. Small pool of water formed and got cleaned up immediately. Correction: Replace gasket in fitting, snugged up fitting connection. Reassembled all drawers that had to be removed to access fitting, tested for a while and no leaks. Additional Note : greeneway@dealer-advisors.com, 2025-10-17 11:03:21 :: Time requested includes R&I of drawers and diagnostics and testing.
