Claim Line Details

Labor

Line#	Operation Code	Operational Description
1	10-11-01-00-000205	Slide Out Seal, each - Frame & Chassis/Slide Out System-Seals/Replace/No Tread Code

Complaint, Cause, Correction

Original Note : greeneway@dealer-advisors.com, 2026-02-24 11:13:09 :: Complaint: Slide out is still leaking, need to silicone several areas to stop water from wicking into the floor, all slides needed. Cause: Leaking slide outs due to exposed wood on exterior walls of all slides. The metal was cut too short near inner fascia down by lower slide ski's. Used about 4ft of eternabond tape between all slides. Correction: Remove all inner fascia boards to gain access to exposed wood and aluminum trim that holds the inner rubber in place. I also cut 4inch pieces of black eternabond tape and covered the wood that was showing then reattached the rubber and aluminum inner trim pieces in place on all slides and reattached the inner fascia and siliconed all exterior slide ski's. The slides are now sealed properly. Additional Note : greeneway@dealer-advisors.com, 2026-02-24 11:13:50 :: Unsure on correct labor code- seals were replaced but repairs were made.

Model#	Dlr Sub Hrs	8.50	Sub Labor Amt	\$1,190.00
Serial#	Appr Hrs	8.00	Appr Labor Amt	\$1,120.00

Notes

attach photos of all the slides of the following ,

slide bulb seals where the slide skis meet for further review

no visible signs of water intrusion or water damage as stated in the ccc

these repairs are authorized based on previous complaint and repairs that did not resolve issue
