Job # Description JOB INFORMATION Type Bill To

WARR COMPLAINT: WARRANTY REPAIR 2 - AWNING IS SAGGING W 1021 FORES
OMN THE BACK SLIDE.
CAUSE: I ran the awning out and no part of the
fabric it is sagging. I did notice that
neither of the arms is completely closed
at the top. I measured the distance
between the arms on the top and bottom
and they are the same. I took the set
screws out of the fabric and tried
adjusting it but it didn't help. I
noticed that the light strip is tight
against the tube and it doesn't look
like the tube can roll up any tighter.
We will have to see what the
manufacturer suggests.
CORRECTION: ...
