COMPLAINT: CUSTOMER STATES ENTRY DOOR VERY HARD TO CLOSE

CAUSE: Door difficult to close

CORRECTION: Found several issues , first door is hitting the door frame on the bottom , second door is hitting the striker plate and screen door catch not allowing the door to close . Adjusted the door frame by removing the outer trim taking several screws out pushing the frame over and putting the screws and trim back. Second flattened out the striker plate and adjusted the screen door latch the screws in both the striker plate and the screen door latch were changed to longer screws to help move the door frame over to give the clearance needed for the door to operate correctly. The door now closes easily total time was 45 minutes to complete
