Good morning,

Vendor has stated this would require a complete replacement:

F100645693 WATER HEATER, TANKLESS 42K BTU (ST42) **5381A** \$ 305.25

Am I okay to proceed with a credit and reorder?

Good morning, Carlee,

Sorry, this took me a bit longer than I intended.

I circled the vent on the breakdown; it is in the incorrect position. On the valve we have the vent is on the opposite side of the intake.

Please advise

Thank you

Hi Carlee,

For this gas valve, order#S5399646 po#51099, it is the wrong one. The tech pulled out the existing bad one and they do not match. The first pic is the one we need, the second pic is the one we received.

Please advise

Thank you
